STUDENT VISA (F-1) - Especially Designed for ESL Program Candidates ONLY
Students in ESL programs who want to travel to the USA in order to study need to meet the following visa requirements. Other countries (UK, Canada, etc.) have different requirements which play an important role when deciding where to study English abroad. These student visa requirements can also change from year to year. Here is an overview of student visa requirements for the USA.

Student Visa Requirements
Visa: F-1 (student visa). The F-1 visa is for full-time students enrolled in an academic or language program. F-1 students may stay in the US for the full length of their academic program plus 60 days. F-1 students must maintain a full-time course load and complete their studies by the expiration date listed on the I-20 form.

Who needs to apply: If your course of study is more than 18 hours a week, you will need a student visa. If you are going to the U.S. primarily for tourism, but want to take a short course of study of less than 18 hours per week, you may be able to do so, on a visitor visa.

Waiting time: Three stage process: 1) Obtain interview appointment 2) Take interview 3) Processing

Tip! Allow six months for the entire process.

Cost: Currently a $100 Visa application processing fee (non-refundable if application turned down)

Extra considerations: Students are also expected to show financial means to support themselves during their stay in the USA. Students are sometimes allowed to work part-time at the school they are attending.

Student Visa Requirements:
• Acceptance by university or learning institution
• Knowledge of English language (usually established through TOEFL scores)
• Proof of financial resources
• Proof of non-immigrant intent

3. Doctor of Philosophy in Business Administration (Ph.D.)
4. Doctor of Philosophy in Oriental Medicine (Ph.D.)
5. Diploma in Acupuncture (D.A.) - especially designed for Medical Doctors

BACHELOR DEGREE
In the Bachelor degree completion programs, working professionals who have earned some college credit follow a practical path to degree completion. Through previous college/university credit and experiential learning, and completion of a solid group of core courses and specialized courses, students can complete the degree programs while working full-time.

MASTER’S DEGREE
There is a Plan “A” and a Plan “B” program of study.

Option A
This requires the preparation of a thesis. The thesis is typically a written formal document, which addresses, in an original fashion, some important concern of the discipline. A thesis may require an on-campus defense. A thesis involves significant independent work and academic credits are allowed for its preparation.

Option B
The option B degree does not require a thesis. Instead, more credits are earned in other types of courses and/or a scholarly paper is required.

Ph.D. DEGREE
The Ph.D. is the highest academic degree offered by the University. Those who earn it must demonstrate significant intellectual achievement, high scholarly ability, and great breadth of knowledge. The nature of the degree program will vary greatly depending on the discipline involved. In addition, doctoral work requires heavy participation in research or other kinds of creative activity. Particular projects may assume any of an almost infinite number of forms.

LANGUAGES OF STUDY
All of the American Liberty University academic programs are given in English.

NOTE:
1- The English level would be the accepted TOEFL level.
2- Since our students are studying in United States college/university, their English are accepted as standard US college/university level English.

ENGLISH FLUENCY FOR INTERNATIONAL APPLICANTS
Proficiency in reading, writing, and understanding English is essential to your success at American Liberty University. Students are to demonstrate their proficiency in English language. At the Office of Admissions’ discretion, proficiency may be demonstrated by:
• An official score report of a standardized exam, such as Test of English as a Foreign Language (TOEFL), TOEFL ITP, or International English Language Testing System (IELTS); or
• Completion of college level certificate or degree program in a country where English is primary language; or
• Completion of a post-secondary ESL course or college-level English course in postsecondary institution; or
• Proof of English proficiency through other English tests, or submission of a writing sample.

ON-LINE CLASSES

Online courses are an exceptionally accessible, flexible resource whether your goal is gaining new skills, working towards your degree, or advancing your career with a program certificate.

You can come to class whenever it's convenient for you by choosing when and where you participate in class. Your course is conducted according to a schedule, but there are usually no "live" classes to attend. Instead, lectures, coursework, and discussions all take place at your convenience. You choose the place - at home, at school - wherever you have access to a computer, modem, and an Internet Service Provider (ISP). You'll get the same high-quality instruction and course content that you demand, but without the day-to-day obstacles that prevent so many of us from pursuing other goals. With online learning, commuting to campus and paying for childcare are things of the past.

Online courses can be quite varied in their overall approach to the teaching and learning process, but they often have certain characteristics in common. In all online courses, students use a computer to connect to a course site on the World Wide Web. Standard classroom books and printed materials are typically used in combination with online lectures, assignments, and supplementary course materials. Some courses have formal lectures, similar in length and content to lectures given in face-to-face classes. Online lectures may be entirely text-based or consist of some combination of text, graphics, sound and video. Other courses break the content up into smaller units or abandon the lecture entirely, instead relying on group discussion and other types of learning activities.

The course is designed so that you receive course assignments, complete them on your own time (but with a scheduled due date), and then return them as electronic documents. Your instructor will evaluate them and provide feedback. Many courses will also use, as an integral part of the course, a threaded discussion forum which you can use to share information, collaborate, and interact with other members of your class. Instructors will also provide updated course materials at the beginning of the each class session that is designed by our faculty to better deliver materials to students through reliable technology sources.

Depending on the course design, you probably will take your tests or exams online. The time involved in achieving the student's degree goal will vary from individual to individual. A few courses may require that you come to a testing room on campus. Additionally, some courses and programs may require predetermined trips to campus, which you should plan for before registering. You can find out about the course requirements in the schedule of classes.

You should expect to spend as much time for study, or perhaps more, as a classroom course since you are managing your own learning using the online information and materials. This requires that you be self-disciplined, motivated, and have some skills using a networked computer and a Web browser. The content and rigor of the online courses offered by American Liberty University is equivalent to the on-campus version of the same course. In fact, in some cases, on-campus and off-campus students are combined into the same course section.

DISTANCE EDUCATIONAL PROGRAMS (California Code of Regulations 71715 & 71716 Disclosures)

If American Liberty University sent the first lesson and materials before an
effective cancellation notice was received, American Liberty University will make a refund within 45 days after the student’s return of the materials.

The institution refund policy for students who have received 60% or less of the course of instruction shall be a pro rata refund. The refund shall be the amount the student paid for instruction less the cost of the instruction received. Students are responsible for tuition fees for courses in which they are enrolled.

Students who have paid in full and received all course and lesson materials, as they requested, will not be entitled to a refund. American Liberty University will return the graded/evaluated material to the student within fifteen business days from the time that it was submitted. Some time is needed to grade the material, due to its sensitivity and value to the completion of the degree.

*Please note, this list is not extensive and is subject to change at the discretion of the faculty.

All students are required to actively participate and contribute to the discussion in online courses. This interaction is expected to be both efficient and frequent. Participation is a component of grading. Failure to participate can have a serious effect on a student’s ability to make academic progress. Policies on participation and make-up work may vary by individual course and are detailed in the course syllabus.

Students success has shown to be much greater when the steps below are followed properly throughout the educational process:

- Complete the Orientation program.

- Tracking academic progress to catalog requirements will ensure that a student will complete the program in the designated timeframe.
- Log into classes at a minimum of five times per week and complete threaded discussions as stated by the instructor.
- Student engagement is one critical key to success in the online environment; therefore, attendance is mandatory.
- Ensure all deadlines are met by doing all assignments and tests on time. Be aware that there are midweek and weekend deadlines for threaded discussions, assignments or tests.
- Read textbooks regularly as guided by the instructor
- Access personalized grade book that will track grades, which will be updated by the instructor throughout the term, which will help keep students on track for success.
- **Utilize faculty members as a resource. Faculty are available to assist students with questions. To ensure access to faculty members, there are various contact methods for communication which are outlined in the course syllabus.**
- Understand that tests are administered online. These exams are true/false, multiple-choice and short-answer, and have a time limit for completion.
- Attend classes during Week 1. Students must attend at least once per course during Week 1 of the term. This is the minimum requirement to be counted as attending.
Definition of Attendance – student submission of a gradable item.

ONLINE CLASS ATTENDANCE RECORDS/ABSENCES
Online Attendance records are regularly maintained by the University through the use of electronic sign-in sheets and instructor roll notes. Electronic Sign-in sheets list all of the students officially registered in the class. All American Liberty University students are required to attend a minimum of eighty percent (80%) of the scheduled online sessions in each class, according to University policy. Therefore, if students are marked as absent in more than twenty percent (20%) of the scheduled sessions in a particular class, they are subject to administrative automatic failure ("F" grade) in the class for failure to meet American Liberty University's attendance requirements.

Students are cautioned that maintaining track of personal attendance in courses registered is the student's responsibility, not the University's. The University cannot provide telephone or personal assistance in verifying attendance/absence information in courses. Students are held strictly accountable for knowing how many absences have been incurred in each of their registered courses and for understanding the ramifications of failure to meet the attendance requirements in a course or courses.

*NOTE: In online courses, there will be a section designated for the viewing of attendance records and individual grade sheets. ALL of these records are private and only the student can view his/her individual status in the course.

OFFICIAL ONLINE MAKE-UP CLASS
Students may officially make up a missed online class session by attending another section of the same class in the same week as the online class session missed, OR, the student must arrange a future time for their missed online work to be completed with the instructors permission.

Midterm and Final examinations must be taken in the registered online class section. If a student misses an online course examination, they will be required to arrange a proper time with the instructor to complete necessary material or risk failure in the course.

SATISFACTORY ACADEMIC PROGRESS
To be in good academic standing with the university and to be eligible to receive financial aid or services help, students must maintain satisfactory academic progress.

At the end of each term, each student is evaluated on two components to determine if he/she is maintaining satisfactory academic progress:
1. Final Grades
2. Successful course completion rate

1. Grade points for each completed course are computed as a product of the earned grade number and the number of units. The Grade Point Average (GPA) is computed for American Liberty University units only.

2. The lowest passing grade at the Undergraduate is a “C” (2.0), and at the graduate and post graduate level is a “B” (3.0).

3. A grade of "I", indicating incomplete work, is assigned to a student who has attended class but who, because of an emergency, has failed to complete all assigned work for the course. The "I" grade is given only to students whose work, at the time the "I" grade is assigned, is at least passing. Incomplete grades are given only for compelling reasons, as determined by the instructor and as approved by the University Dean; documentation, provided by the student, is necessary. Students must formally request that an incomplete grade be issued, prior to the end of the academic term. Students receiving an "I" grade must contact the course instructor and/or University Dean and make up the deficient course work within six months following the end of the course for which the "I" grade was issued; otherwise the "I" will be changed to "F."

GRADE REPORTS
Official grade reports are issued for each class and mailed to each student by Registrar after the end of each semester. Grade reports will not be given over the telephone or in person.

NOT:
The elapsed time between the institution’s receipt of student lessons, projects, or dissertations and the institution’s mailing of its response or evaluation is 7-14 days.
The student's sending of a product to the instructor and the instructor's response with evaluative. Instructional activities may not require two-way interaction between instructor and students.
If this is your first online class, you are in for a great experience. But to be successful, you must keep a few things in mind.

1. Online classes at ALU follow the same academic schedule as our other classes. The classes start on the day published in the schedule of classes and you must find your class and sign in on or before that date, or you may lose your place in the class. If you have any problems finding your class or getting in, email your professor as soon as possible.

2. Online classes at ALU are all asynchronous-paced classes. This means you do not have to be online at any particular time, but you must complete assignments according to the schedule established by your instructor. This is very important! You cannot work at your own pace, but must adhere to the class's schedule. You will probably have assignments the first week of class, so again it is important that you find your class and sign in.

3. Online classes offer the opportunity to fit classes into your busy schedule and are fun, exciting learning experience. They have the same requirement for class hours and outside assignments as traditional classes. They are not for everyone. Online classes require a great deal of self discipline and time management. You must read everything posted on the class website very carefully!

4. Most online classes at ALU can be found by going to [http://aluniversity.edu/elearning](http://aluniversity.edu/elearning). Once there you will need to Create New Account. You will find a link with a tutorial on how to do this on the main page.

5. In order to take an online class you need three things:
   - A reliable computer with a reliable internet connection. The syllabus for your class, which you will find when you login to your online class's website, will outline the exact computer and software requirements. Remember you can use the various computer labs on ALU's campus to do your online work, but you must factor into your schedule when these labs are available.
   - The ability to use a browser and basic windows skills (cut, copy, paste, create folders, save and retrieve files etc.)
   - An active Email Account. You can NOT take an online class if you do not have an email account. If you do not have a currently active one, you can get one free from [http://yahoo.com](http://yahoo.com), [http://hotmail.com](http://hotmail.com), or [http://gmail.com](http://gmail.com). If you have an email already, you can use it in your online class.

6. Often online classes will offer an orientation session. The schedule for this session is published here in the class schedule. These sessions are very important for your online success and should not be missed.

7. Depending on specific courses and common needs, a tutorial class meeting under the guidance of a University-appointed tutor is a definite plus. While not compulsory, such tutorials definitely offer students extra learning reinforcement.

**LENGTH OF THE DEGREE:** The time frame will depend upon the transfer credits the student brings into the program, the number of courses assigned to the student after an evaluation of the application materials, and the effort the student desires to put into the program.
**ACADEMIC CALENDAR**: The American Liberty University operates on a semester basis. The nature of the Distance Learning allows for open enrollment year round. The student’s semester begins upon enrollment.

**METHOD OF INSTRUCTION**
Distance education as defined in section 94834 of the Code, does not require the physical presence of students and faculty at the same location but provides for interaction between students and faculty by such means as telecommunication, correspondence, electronic and computer augmented educational services, postal service, and facsimile transmission.

**UNDERGRADUATE INDEPENDENT PROJECT**
Each student may select one independent study projects in lieu of a textbook-based course to fulfill the course work requirements. The student will be required to submit to his/her faculty advisor the topic of the proposed independent project for approval. Each topic must be directly related to the fields of Business Administration. Each submission will be graded in the same manner as a textbook course.

**DIRECT STUDY AND ELECTIVE RESEARCH PROJECT**
Each student may undertake a direct study or elective research project by utilizing his/her knowledge to handle a practical problem in the field. The learning outcome is to acquire new knowledge and be able to apply such knowledge by problem solving specific issues. The student is required to submit a study/project proposal to the University for approval. The final project must be typed and a proper citation, bibliography and glossary of terms should be included.

**EVALUATION OF LESSONS SUBMITTED BY STUDENTS**
Students’ lessons will be evaluated within 7 business days. Final projects will be graded within 14 business days.

**NOT:**
The elapsed time between the institution’s receipt of student lessons, projects, or dissertations and the institution’s mailing of its response or evaluation is 7-14 days.
The student’s sending of a product to the instructor and the instructor’s response with evaluative. Instructional activities may not require two-way interaction between instructor and students.

**STUDENT INTERACTION**
As with any distance learning program with students throughout the world, it is difficult for students to convene in traditional study groups for learning purposes. The University provides for electronic interaction between students and their faculty members to offset this limitation. Through electronic means, students are in direct one-on-one contact with their faculty members and staff to enhance their learning.

If study groups are requested by students, the American Liberty University will aid by providing names, email addresses and phone numbers of other students enrolled in the same program.
Distance Learning Skill Survey

   b. Within a few days, or I forget what I did.
   c. Right away, or I get very frustrated.

7. Considering my professional and personal schedule, the amount of time I have to work on a distance-learning course is:
   a. More than enough for an on-campus course.
   b. The same as for a class held on campus.
   c. Less than for a class held on campus.

8. Coming to campus on a regular schedule is:
   a. Extremely difficult for me  I have commitments (work, family or personal) during times when
classes are offered.
b. A little difficult, but I can rearrange my priorities to allow for regular attendance on campus.
c. Easy for me.

9. **As a reader, I would classify myself as:**
a. Good  I usually understand the text without help.
b. Average  I sometimes need help to understand the text.
c. Slower than average.

10. **When I need help understanding the subject:**
a. I am comfortable approaching an instructor to ask for clarification.
b. I am uncomfortable approaching an instructor, but do it anyway.
c. I never approach an instructor to admit I don't understand something.

**Scoring**
Add 3 points for each "a" that you circled, 2 for each "b," and 1 for each "c." If you scored 20 or more, a distance-learning course is a real possibility for you. If you scored between 11 and 20, distance-learning courses may work for you, but you may need to make a few adjustments in your schedule and study habits to succeed. If you scored 10 or less, distance learning currently may not be the best alternative for you; talk to your counselor.

**Explanations**

1. Distance-learning students sometimes neglect their courses because of personal or professional circumstances. Having a compelling reason for taking the course helps motivate the student to stick with the course.
2. Some students prefer the independence of Distance Learning; others find the independence uncomfortable and miss being part of the classroom experience.
3. Distance-learning courses give students greater freedom of scheduling, but they can require more self-discipline than on-campus classes.
4. Some people learn best by interacting with other students and instructors. Others learn better by listening, reading and reviewing on their own. Distance-learning courses provide less opportunity for group interaction than most on-campus courses.
5. Distance Learning requires you to work from written directions.
6. It may take as long as two to three weeks to get comments back from your instructor in distance-learning classes.
7. Distance Learning requires at least as much time as on-campus courses. Students surveyed say that distance-learning courses are as hard or harder than on-campus courses.
8. Most people who are successful with Distance Learning find it difficult to come to campus on a regular basis because of their work, family or personal schedules.
9. Print materials are the primary source of directions and information in distance-learning courses.
10. Students who do well in distance-learning courses are usually comfortable contacting the instructor as soon as they need help with the course.

ADMISSION REQUIREMENTS FOR DOCTORAL PROGRAMS
The General Requirements is a Master’s Degree preferably in the same discipline as the Doctoral program to be undertaken. Persons not having the Masters Degree may be required to enroll in the concurrent Masters/Doctoral Program

UNITS OF CREDIT
American Liberty University operates on the semester system, with three fifteen-week semesters each academic year. Study units at American Liberty University are computed on a credit-unit basis reflecting the total number of hours spent in the classroom. 15 hours of classroom instruction or 30 clock hours of clinical/internship and laboratory or 22.5 hours of self-study time equate to one semester unit of credit.

CREDIT EVALUATION
Students are required to submit official transcripts from all post-secondary institutions attended prior to formal admission to American Liberty University. If students have completed classes at recognized institutions and the courses are equivalent to those offered by American Liberty University, they may request transfer credit for the courses.

INTERNATIONAL STUDENTS
The University admits students living outside the continental United States to all degree programs. The student must be able to correspond with the University and respond to the course instructions in English. Credit earned at most accredited foreign schools will be accepted toward fulfilling the degree requirements. Official transcripts are required. If a transcript or a document is not in English, a certified translation must accompany it. All tuition and fees must be paid in U. S. currency and all checks drawn on a U.S. bank.

CREDIT BY EXAMINATION
Credit by Examination may come through the following means:

- The College Level Examination Program (CLEP)
- American College Testing - Proficiency Examination Program (ACT-PEP)
- College Entrance Examination Board Advanced Placement Examinations (AP)
CHALLENGE EXAM
For transfer credit classes, students may be required to take and pass an American Liberty University administered Challenge Exam for each class petitioned for credit, at the discretion of the Dean of Academic Affairs. Upon passage of the Challenge Exam, course and tuition credit will be allowed. If a course is challenged under this section, and the student fails the challenge examination, the student must complete the course, and will be charged the normal tuition for the course.

CREDIT FOR EXPERIENTIAL LEARNING
American Liberty University does not grant any credit for prior experiential learning.

TRANSFER CREDIT
Transfer credit needed to complete degree requirement. Courses a student wishes to be considered for transfer credit must adhere to the following guidelines:

1. Course work must have been completed at an accredited or recognized institution.
2. A grade of “C” or higher for BBA, and grade of “B” or higher for MBA, DBA and Ph.D.
3. Course work must have been completed within the past seven years.
4. Course content must approximate that of the program in which the applicant is enrolled.

***American Liberty University accepts transfer credit from State approved and/or USDOE accredited institutions set forth by State of California.

NOTE: American Liberty University has not entered into an articulation or transfer agreement with any other college or university

BBA programs:
Up to 100% transfer credit for General Educations and up to 50% transfer credit may be awarded for special courses completed at accredited or recognized (by the US Department of Education) colleges/universities.

BBA Transfer Credit from Non-Regionally/State Accredited Colleges
Transfer students or returning students wishing to transfer credits from a college/university not accredited by a recognized national, regional, or state agency may be admitted provisionally. To validate credit from non-accredited institutions, the institution or the student must satisfy the following criteria:

1. The non-regionally accredited institution must be listed in the latest edition of Higher Education Directory.
2. Course work must be evaluated by and acceptable to the Evaluation Committee, Dean and Program Director.
3. The student must maintain a grade point average of 2.0 for the first 30 semester hours at the American Liberty University. If English or math courses are required, these must be taken in the first 30 hours at the University. No course will be accepted with a grade lower than a “C-”.
4. The student may be required to show evidence of proficiency by writing summary papers explaining knowledge obtained.
5. The transfer credits will not appear on the student’s transcript until 30 semester hours have been completed at the American Liberty University.
If a student is accepted provisionally, an American Liberty University transcript will be established, but will not include transfer from the non-accredited institution until the provisions have been satisfied. Only after the student has met the criteria outlined above would the credit from a non-regionally accredited school be placed on a transcript.

**MBA programs:**
Maximum 20% transfer credit may be awarded for courses completed at accredited or recognized colleges/universities.

**Doctorate programs:**
Maximum 30 units transfer credit may be awarded for courses completed at accredited or recognized colleges/universities.

**GENERAL EDUCATION**
General education units completed at other accredited institutions which are determined by American Liberty University to be equivalent to American Liberty University general education courses will normally transfer directly toward a student's degree requirements, provided that such courses have been completed by the student prior to the end of the first term of study at American Liberty University and an official transcript from the institution at which the course(s) was completed is received by American Liberty University by the end of the student's second term of study at American Liberty University. Credit for units approved for transfer pursuant to this process will be added to a student's official transcript at the completion of the quarter in which the official transcript and petition for transfer credit were received and approved, and such credits will not be calculated into the student's American Liberty University grade point average. Students may also earn general education college credits toward the Associate degree through the nationally recognized college equivalency-testing program offered by the College Board under the designation College Level Examination Program (CLEP). CLEP examinations must be completed and official scores submitted to American Liberty University prior to the end of the student's second quarter of study at American Liberty University.

**STUDY TIME**
Students are cautioned that all American Liberty University programs require a strong commitment and dedication to the goal of program completion. This commitment must come from the student and is greatly enhanced by strong support from the student's family and friends. Students are encouraged to discuss their educational plans with family members before starting the program in order to facilitate a smooth adjustment for all concerned. Students can expect to spend a minimum of two hours of study time for each hour of classroom time. Several of the courses may require study time closer to three or four hours per hour of classroom time. The University provides free tutoring services to any students experiencing academic difficulties.

**GROUP STUDY**
The American Liberty University draws in a fascinating cross-section of people from a wide variety of the social matrix. Tele-learning students can range from adults with professional and/or familial responsibilities to young people in remote locations. All have the opportunity to connect with a network of people with similar interests to enable lively and stimulating discussions and provide a framework for professional networking.

Off-campus and on-campus learning can be blended in many of our programs, offering pupils a wide range of options for access and success. Students are supported in all areas of endeavor, logistics and acclimation by ALU’s motivated and efficient staff including the various aspects of general services, the extensive library and bookstore.

Students are encouraged to form study groups with other American Liberty University students enrolled in the same program. Study groups strongly aid in the learning process through group discussion and exam and research preparation.
Students are cautioned that all American Liberty University instructors require that each student submit his/her own original work. Any student(s) violating this policy by turning in work copied from another student may be subject to the consequences for unethical practices set forth in this catalog.

WEEKEND SCHOOLS
Perhaps the most enjoyable of scholastic options is that offered by our Saturday & Sunday class opportunities. These offer each student an optimal opportunity for personal interaction between fellow students and our academic staff. Personally attended lectures are always a bonus, and tutorial one-on-one meetings and unit-team forums invariably provide for an enriched academic experience. Depending on the specific courses involved, weekend schooling is variably scheduled as to best advantage, whether it be once a week or more, with the duration dictated by student interest and participation. Classes meet on five consecutive Saturdays or/and Sundays from 8 in the morning until 5 in the afternoon. This permits completion of one three credit hour course every five weeks. The accelerated program permits students from more distant locations the opportunity to complete a degree by only requiring a visit to campus once or twice during the week.

*Note: The Weekend School may not be offered on all courses.*

CANCELED CLASSES
When enrollment for the class is less than 15 students it causes a class to be canceled. After registration, students will be notified promptly and requested to select an alternate class.

ADDING A CLASS
Additional classes may be added to a student's active schedule for the term, increasing the total number of units actively registered, up through the end of the second week of a semester. Students who wish to add a class must submit to Administration a formal petition requesting the change and indicating the course name, number and section. Any class sessions not attended prior to the addition of the class will be considered absences.

DROPPING A CLASS
An individual class or classes may be dropped from a student's active schedule for the term, decreasing the total number of units actively registered. Students may not drop a class(es) which reduces their actively registered unit load below the minimum number required by their enrollment status. Students must file with Administration a formal petition, which clearly indicates the class or classes that the student wishes to drop from his/her current schedule within the first two weeks of the semester.

STUDENT EVALUATIONS
Near the end of each semester, all students in all American Liberty University courses will be asked to complete a Course Evaluation Form. These forms provide students with the opportunity to rate the class curriculum, instructional materials, and instructor, University and its educational programs, and provide comments and suggestions for improvements.

THE Ph.D. DEGREE

The degree of Doctor of Philosophy (Ph.D.) is the highest supervised degree offered by American Liberty University. It is awarded for a dissertation which is an integrated and coherent report that demonstrates a candidate’s ability to carry out independent research and analysis at an advanced level in a particular field of study. The dissertation may consist of several studies or cases, in which event their relationship to one another must be demonstrated. The dissertation may consist of a candidate’s published or unpublished or a combination of both, provided this has not been used for the award of any other academic qualification. The PhD degree normally involves a maximum of 81 semesters units research, on/off-campus class, seminar, on-line, and group study. It can be undertaken in most disciplines taught in the University.
While the style and format of dissertation differ according to the conventions of their disciplines, there are some general criteria against which a dissertation is assessed at its completion, namely, that the dissertation as a whole should make an original contribution to the knowledge of the subject with which it deals, and the candidate should understand the relationship of the thesis to the wider context of knowledge in which it belongs.

**Dissertation**

**Dissertation Proposal**
The student must submit a written dissertation proposal, which includes a rationale for the selection of the research topic; a research design; a focused review of the literature relevant to the proposed research; and a data analysis plan. The proposal should include an abstract of no more than 100 words, a two-page executive summary; narrative material of 20-40 pages, and a bibliography. When the written proposal has been accepted by the Proposal Committee, the student may make an oral presentation of his or her proposal before the committee, ALU faculty, fellow students, and other scholars. The oral defense should be scheduled through the Doctoral Program Coordinator at least two weeks in advance to ensure proper notice.

**Guidance Committee**
Upon successful completion of all courses at the Doctorate level, the student and the major advisor will select a guidance committee for continuing course work and independent study. The guidance committee must have a minimum of three members, one of whom will be the committee chair. The guidance committee will recommend course work, independent study and readings in the major and cognate areas. The student will present a proposal for the dissertation to this committee, which will be reviewed at the time of the qualifying examination.

**Qualifying Examination**
The qualifying examination must demonstrate qualification in both major and minor fields for doctoral candidates and will be conducted by the guidance committee. The examination will include written and/or oral components.

**Dissertation Committee**
After the qualifying examination has been passed and a dissertation topic approved, the guidance committee shall be known as the dissertation committee upon recommendation to the Dean of Department. One of the three members must be from outside the major department. The dissertation and the defense or final oral must have the unanimous approval of the dissertation committee.

**Dissertation and Oral Defense**
An acceptable dissertation based on original investigation is required. The dissertation must show technical mastery of a special field, capacity for independent research and scholarly ability. The chair of the dissertation committee will be the principal research advisor. The dissertation should be completed within one year of the date of approval of the proposal.

ETHICAL PRINCIPLES AND PRACTICES

American Liberty University requires each student to present his/her own work and considers any form of cheating to be an unethical practice. American Liberty University has established the following procedure for handling claims or allegations against students for unethical student activities such as plagiarism, selling of exams, term papers, projects, reports, or copying of other students' work:

Procedure and Appeal Process for Unethical Student Conduct

Should a student be charged by an instructor with unethical conduct, the student may make an appeal of this determination, within 30 days, in the following manner:

1. The student should meet with the instructor who made the allegation to discuss and try to resolve this problem.
2. If a satisfactory resolution is not reached, the instructor or student can petition for a meeting with the Academics Dean for review and resolution.
3. If after review by the Academics Dean, a satisfactory resolution has still not been reached, the matter may be appealed to the Disciplinary Committee. This Committee consists of a member of the Student Body Association, a faculty member, and the President of the American Liberty University. The decision of the Disciplinary Committee is final.

Consequences of Unethical Student Conduct

Should it be determined that a student has behaved in an unethical manner, the student may be subject to the following disciplinary actions dependent upon the nature and scope of the offense as determined by the Committee:

a) The student may not receive credit for the work completed.
b) The student may not receive credit for the class.
c) The student may be administratively disenrolled from the program.

PROBATION & DISMISSAL

All students in the American Liberty University are subject to the following regulations governing probation and dismissal.

Probation
A student shall be placed on probation if, at the close of any semester, his/her grade-point average is less than 2.0 (a C- average) computed on the total of all final letter grades, except P or NP, received in core courses. If final grades are delayed in transmission to the faculty, disqualification may be postponed for 1 semester.

A student may be placed on academic probation for unprofessional behavior as documented in a School Committee Report (SCR). A student who receives 3 or more SCRs, or a SCR of a serious nature, or who fails to engage in remediation for documented unprofessional behavior may be placed on probation upon review by the Professional Committee. The student will be required to meet with the Dean or designee in order to define the criteria for remediating the unprofessional behavior.

A student placed on probation is subject to supervision by the faculty of related school/department and his/her study list and course of study will be determined by the Dean of Academic Affairs.

**Dismissal**

A student shall be subject to dismissal if he/she:

1. fails to maintain a 2.0 cumulative grade point average in core courses during 2 out of 3 consecutive semesters, or
2. fails to receive a grade equivalent to C- or higher in at least 6 units of core courses during any semester, or
3. receives a total of 6 or more units of grade F or NP in core courses,
4. has not completed all requirements for the Doctor of Philosophy degree within 3 years of the date he/she entered as a 1st-year student, with the exclusion of mandated leaves of absence or
5. demonstrates a continued pattern of documented unprofessional behavior despite attempts at remediation.

At the discretion of the faculty, a student subject to dismissal may be:

1. permitted to remain in attendance,
2. dismissed with stated provisions for returning, or
3. dismissed.

If a grade of NP, W or I in a course required for graduation is not removed within the time limitations described, the student is subject to academic probation or dismissal.

With respect to professional disqualification, and in accordance with the provisions of the Regulations of the ALU, when the behavior of a student is judged by competent authorities using established procedures, to be detrimental to the interests of the University, or incompatible/inconsistent with the profession of school/department that person is subject to dismissal from the School.

**GRADING SYSTEM**

All assignments that contribute towards a final grade are graded on a percentage basis.

The following scale is used for conversion:

- A 4.00 Grade Points (G.P.)  95-100%    Excellent
- A- 3.70 Grade Points (G.P.)  90-94%
- B+ 3.40 Grade Points (G.P.)  87-89%    Above Average
- B  3.20 Grade Points (G.P.)  83-86%
- B- 3.00 Grade Points (G.P.)  80-82%
1. Grade points for each completed course are computed as a product of the earned grade number and the number of units. The Grade Point Average (GPA) is computed for American Liberty University units only.

2. The lowest passing grade at the Undergraduate is a “C” (2.0), and at the graduate and post graduate level is a "B" (3.0).

3. A grade of "I", indicating incomplete work, is assigned to a student who has attended class but who, because of an emergency, has failed to complete all assigned work for the course. The "I" grade is given only to students whose work, at the time the "I" grade is assigned, is at least passing.
Incomplete grades are given only for compelling reasons, as determined by the instructor and as approved by the University Dean; documentation, provided by the student, is necessary. Students must formally request that an incomplete grade be issued, prior to the end of the academic term. Students receiving an "I" grade must contact the course instructor and/or University Dean and make up the deficient course work within six months following the end of the course for which the "I" grade was issued; otherwise the "I" will be changed to "F."

GRADE REPORTS
Official grade reports are issued for each class and mailed to each student by Registrar after the end of each quarter. Grade reports will not be given over the telephone or in person.

The declaration can be all-inclusive or on a case-by-case access basis.

**ATTENDANCE**

American Liberty University's attendance policy is designed to ensure that students maintain satisfactory progress in all courses in their program (if attendance required). Students are expected to attend classes, seminar or group study be on time, and be prepared to participate in class.

**Full-Time Attendance:**

In the standard (full-time) schedule, students attend classes an average of 16 to 20 hours per week, spread over two to five days.

**Part-Time Attendance:**

In the ultimate (part-time) attendance, students attend classes an average of 8 to 16 hours per week, spread over one to four days.
CLASS ATTENDANCE RECORDS/ABSENCES
Attendance records are regularly maintained by the University through the use of sign-in sheets. Sign-in sheets list all of the students officially registered in the class, and provide a signature line for each student. All American Liberty University students are required to attend a minimum of eighty percent (80%) of the scheduled sessions in each class. Therefore, if students are marked as absent in more than twenty percent (20%) of the scheduled sessions in a particular class, they are subject to administrative automatic failure ("F" grade) in the class for failure to meet American Liberty University's attendance requirements. If a student attends a scheduled class session, and forgets to sign in on the class sign-in sheet, he/she will be marked absent for that class session.

Students are cautioned that maintaining track of personal attendance in courses registered is the student's responsibility, not the University's. The University cannot provide telephone or personal assistance in verifying attendance/absence information in courses. Students are held strictly accountable for knowing how many absences have been incurred in each of their registered courses and for understanding the ramifications of failure to meet the attendance requirements in a course or courses.

TARDINESS
Tardiness disrupts a good learning environment and is discouraged. Two tardiness without a legitimate reason may be counted as one unexcused absence in a class at the instructor's discretion.

CONSEQUENCES OF UNSATISFACTORY ATTENDANCE
Regular class attendance is necessary to ensure a meaningful educational experience at the University. Students who fail to meet the attendance requirements in a course or courses will receive an automatic "F" grade in the courses(s). Exceptions to this policy are made only at the discretion of the Dean. Administrative Class Failure in all registered courses in a term due to unsatisfactory attendance may result in administrative disenrollment from the program. To be considered for readmission to the program after disenrollment from the program for unsatisfactory attendance, students must file a petition with the University documenting valid extenuating circumstances explaining the non-attendance and failure to follow proper administrative procedures. Readmission to the program will be discretionary, based upon the evidence presented in the petition.

OFFICIAL MAKE-UP CLASS
Students may officially make up a missed class session by attending another section of the same class in the same week as the class session missed. Midterm and Final examinations must be taken in the registered class section.

LEAVES OF ABSENCE
In accordance with federal regulations, students are allowed to take a leave of absence during their course of study, to a maximum leave period of sixty (60) days. No more than one leave of absence may be granted for the same student in any 12-month period. Leaves of Absence can be no longer than sixty (60) days of scheduled instructional time. Students must file a formal written petition requesting the Leave of Absence. The petition should detail legitimate reasons for the leave request and define the period of the leave. A Leave of Absence may be granted at the University's discretion, with the understanding that the leave will extend a student's study program. Students who successfully complete units during a term are not required to request a Leave of Absence.

SATISFACTORY PROGRESS
In order to remain enrolled at American Liberty University, students must maintain satisfactory progress towards completing their course of study. Satisfactory progress involves two criteria: Quantitative Progress and Qualitative Progress. The conditions for both criteria are outlined below.

APPLICATION OF SATISFACTORY PROGRESS STANDARDS
These satisfactory progress standards apply to all students, on-campus, off-campus and research, part-time or full-time.

**QUANTITATIVE PROGRESS**
A student’s program must be completed within the maximum time frame set forth by their enrollment status. The maximum time frame is 150% of the standard program length.

**QUALITATIVE PROGRESS**
Students must complete all courses at American Liberty University with a minimum grade 2.0 or better for undergraduate programs, 3.0 or better graduate and post graduate Programs.
The administration evaluates qualitative progress at the end of each semester. Official transcripts of all grades earned in a term are prepared for each student. If students earn a grade point average which causes their cumulative grade point average to fall below 2.0 for undergraduate programs, below 3.0 for graduate and post graduate Programs, they are no longer making satisfactory academic progress, and will either be placed on probation as outlined below, or academically dismissed from the program, depending on the actual cumulative grade point average earned.

**ACADEMIC WARNING**
Any student who achieves a semester grade point average (GPA) of less than 2.0 for undergraduate programs, 3.0 for graduate and post graduate Programs, or who fails one or more classes during a term, but who has a cumulative GPA 2.0 or better for undergraduate programs, 3.0 or better for graduate and post graduate programs, and has not been placed on academic probation or dismissed from the program, will be placed on Academic Warning for the following semester. Students on Academic Warning should retake and pass those courses failed during the following semester whenever possible. Academic Warning status does not affect a student's eligibility for, or status, with regard to financial aid. Students on Academic Warning should have a counseling appointment with the Dean and will be offered special remedial tutoring if needed.

**STUDENT GRIEVANCE PROCEDURE**
American Liberty University, in the administration of discipline, guarantees procedural fairness to an accused person, whether the person is an American Liberty University student or staff/faculty member. In pursuit of its policy of openness, accountability, and responsiveness to students, the University administration provides established grievance procedures. The Dean of Academic Affairs shall maintain a file on each grievance reported, including the procedures followed and the final disposition of the case.

**DEFINITION**
A grievance is a complaint arising out of any alleged, unauthorized, or unjustified act or decision by a student, faculty member, administrator, or staff person, which in any way adversely affects the status, rights, or privileges of a member of the student body. The burden of proof shall rest with the complainant. If students have a grievance and wish it to be recognized as such, a written complaint must be submitted to American Liberty University. The written grievance must clearly state the student's name, the nature of the complaint, the name(s) of all parties directly involved in the complaint, and any appropriate documentary evidence.

**STEPS TOWARDS REDRESS**
Based upon the information presented in the grievance, steps toward redress shall begin with informal discussions headed by the Dean of Academic Affairs. Resolution shall be attempted at the most basic level. If a satisfactory solution cannot be reached within a reasonable time frame, the grievance shall be scheduled for presentation to the Disciplinary Committee for hearing and appropriate action. Informal discussion between
persons directly involved in a grievance is essential in the early stages of a dispute reconciliation, and shall be encouraged at all stages of the grievance procedure.

**PROCEDURES FOR OFFICIAL HEARINGS**

If informal recourse fails to resolve the grievance within a reasonable time after filing, the Dean will schedule a Disciplinary Committee meeting. The voting members of this Committee shall be comprised of the President, the Dean of Academic Affairs, the Dean of Students, Director of Student Body Association, and a representative of the faculty who shall sit on the Committee on a rotating basis.

A copy of the grievance shall be given in writing to the person(s) against whom the complaint is brought. The Committee shall review and consider documentary records which relate to the case, including the grievance and its supporting documentation, and any documentary evidence or statement by the person(s) against whom the complaint was filed. Committee members shall arrive at a judgment in consultation among themselves. A majority vote of such qualified members may make recommendations as appropriate for disciplinary actions or for changes in policy to the appropriate administrative officials.

The following information is required in the entering of a complaint:

1. The approximate date that the problem occurred.
2. The name of the individual involved in the problem.
3. The nature of the problem.
4. Copies of important information regarding the problem.

**STUDENT CONDUCT**

Students are expected to exercise respect and self-discipline at American Liberty University. The following behaviors may result in dismissal from American Liberty University:

1. Defacing, stealing or mutilating any school property.
2. Falsification or misrepresentation of material information in any records, financial documents, or sign-in sheets, whether inadvertent or deliberate.
3. Unethical conduct.
4. Activities creating a safety hazard to other persons at the University.
5. Disobedience or disrespect towards another student, an administrator, a faculty member or a staff member.
6. A single serious incident or repeated less-serious incidents of intoxication from any substance, as well as possession of drugs or alcohol on University premises.

**DRUG AND ALCOHOL ABUSE POLICY**

American Liberty University prohibits the use, possession, and sale of all alcoholic or illegal drug substances by any person in classes, seminars, or on campus property. Incidents violating this policy should be reported immediately to the Dean of Academic Affairs or Dean of Students. Abuse of the University's drug or alcohol abuse policy will result in any or all of the following:

1. Anyone involved in selling or possessing alcohol or an illegal substance will be asked to leave campus property immediately.
2. Students will be put on immediate probationary status and will have to show active participation in a clinical program to correct such substance abuse.

**SAFETY AND SEXUAL ASSAULT**

In an effort to maintain a safe and comfortable campus, the Governing Board of American Liberty University has adopted and hereby maintains the following policy with respect to safety and sexual assault on campus:
1. American Liberty University shall operate its facility with the goal of providing a safe environment to its visitors, students, faculty and staff. American Liberty University shall implement a notification process through which students, faculty and staff members may notify the institution of conditions, events, or individuals which may pose a threat to the safety of the individuals who use and/or occupy this facility.

2. American Liberty University shall provide for monetary resources necessary to maintain the building and its parking lot in such a condition to reasonably provide for the safety of the visitors, students, faculty, and staff members. American Liberty University shall ensure adequate lighting; removal of debris and spills; and timely repair of any and all objects which fall into disrepair, which shall in any way cause injury to individuals who are present on the premises operated by American Liberty University.

3. American Liberty University shall report to the appropriate emergency personnel any activity of any individual if such activity is deemed to be a threat to the safety of the visitors, students, faculty or staff members of American Liberty University.

4. Faculty and staff members shall report any breach of security to the President of American Liberty University. A breach of security includes, but is not limited to, theft, trespass, embezzlement, loitering, sexual harassment, assault, rape, and any other act, criminal or otherwise, which poses a threat to the security of the property of American Liberty University and the individuals who occupy and/or use the premises operated by American Liberty University.

5. American Liberty University shall educate its students and employees regarding sexual assault on campus and shall present to them information regarding the signs, dangers, and avoidance of sexual assault and the legal, medical and psychological help available to victims of sexual assault.

6. American Liberty University shall maintain strict confidentiality of all matters relating to any sexual assault which occurs on this campus or which involves a student or employee of American Liberty University; except as otherwise set forth in this policy statement information may be released to emergency personnel and law enforcement personnel in an effort to assist the victim and shall, whenever possible, be released with the victim's consent. No employee of American Liberty University shall release any information pertaining to a sexual assault on campus to members of the press, students, faculty or any third party unless the victim has given his/her written consent authorizing such disclosure, except as set forth above. American Liberty University shall make a reasonable effort to have those individuals who are present at the time of the incident sign a statement which provides for their agreement to maintain such matters in confidence as outlined herein.

POLICY ON TUITION AND FEES

TUITION & FEES
American Liberty University operates on a semester academic calendar system, with three equal 15-week academic terms in each calendar year. Students in all American Liberty University programs must select, register for and attend a schedule of individual classes, until such time as all of the required classes in the student's enrolled program have been successfully completed.

The student enrollment agreement indicates both the total tuition for the student's chosen program and the per-unit tuition rate for the student's enrollment. Actual student tuition charges for each semester are based upon the tuition rate shown on the student's enrollment agreement. The college earns student tuition throughout each student's program on a strict pro rata basis based upon the total number of units each student attempts, as determined by the number of units registered on the student's Registration Form for each term.

The total tuition charged to a student over his/her study program may exceed the total program tuition indicated on the enrollment agreement if the student fails to satisfactorily complete any required classes as
registered and must, as a result, repeat the class (es) prior to graduation from the program, or if the student completes classes which are not a part of his/her required program as set forth in the Enrollment Agreement.

MONTHLY PAYMENT PLAN
American Liberty University offers a unique financial plan for those students interested. We offer an interest free monthly payment plan equal to the number of months for the duration of studies, so the student can complete payment prior to graduation.

Note: Each semester's tuition and fees must be paid in full during same semester, either at the start or with equal monthly payments.

CREDIT CARDS
American Liberty University accepts VISA, MASTER CARD, and AMERICAN EXPRESS from students for tuition expenses and textbook purchases.

REFUND POLICY

CANCELLATION AND REFUNDS
Students may cancel their enrollment at any time and will receive a refund for the part of the program not taken. To cancel enrollment, students must mail or deliver a signed and dated copy of the Notice of Cancellation form, or a written statement requesting cancellation, to the American Liberty University. Any notification of withdrawal or cancellation, and/or requests for refunds, should be submitted to the American Liberty University in writing.

REFUND POLICY BEFORE ACCEPTANCE OF ENROLLMENT BY UNIVERSITY
If enrollment is declined by the University, any tuition fees paid to the University will be refunded in full. (The $110.00 Application Fee is non-refundable.)

REFUND POLICY AFTER ACCEPTANCE OF ENROLLMENT BY UNIVERSITY & STUDENT’S RIGHT TO CANCEL:
You have the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later.

You may cancel this enrollment agreement and receive a refund by providing a written notice to The Office of the Registrar, American Liberty University 3101 W. Coast Highway, Suite 400. Newport Beach California, 92663.

A seven-day full refund period is in force after acceptance by the University. During this period, all tuition monies paid will be refunded upon written notice of cancellation if received within seven (7) business days following the day of the first scheduled class in the student's program. The Notice of Cancellation must be received by the University within that seven-day period to receive a full refund. The $110.00 application Fee is non-refundable.

If students cancel or withdraw after this seven-day period, they may be entitled to a partial refund. Students have a right to withdraw from the University at any time and request a refund for the part of the program paid for but not taken. The amount of that refund shall be prorated according to the percentage of the program completed less the cost of an administrative fee. The refund shall be calculated in the following manner:

Refund Policy for Distance Learning program:
For purposes of determining the scheduled length of program for refund calculations, multiply the number of courses required for the degree by 15 weeks, expected completion time per course. The institution refund policy for students who have received 60% or less of the course of instruction shall be a pro rata refund. The refund shall be the amount the student paid for instruction less the cost of the instruction received. Students are responsible for tuition fees for courses in which they are enrolled.
Students who have paid in full and received all course and lesson materials, as they requested, will not be entitled to a refund. However, they are entitled to receive all instruction they ordered for, provided that they comply with the academic policies and procedures of the University. For withdrawal beyond 60% completion, there are no refunds; nor is there any refund if a student completes a course in a shorter period of time than prescribed.

Students who have paid in full and who have requested a refund in writing and have received all of their instructional materials are not entitled to a refund after the material is mailed. However, they are entitled to receive all of the instruction they ordered for, provided that they comply with the academic policies and procedures of the University.

Refund Example: If a student completes 15 weeks of a 72 weeks (for MBA) program and has paid $8,775.00 in tuition, the student would receive a refund calculated as follows: $8,775.00 x 57/72 = $6,946.80 - $110 (Application Fee).

STUDENT'S RIGHT TO CANCEL: You have the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later.

You may cancel this enrollment agreement and receive a refund by providing a written notice to Newport Beach, CA 92663.

REFUND INFORMATION: The student has a right to a full refund of all charges less the amount of $110.00 for the application fee if he/she cancels this agreement within seven days of registration.

All Notices of Cancellation and/or requests for withdrawal/refunds will be processed promptly upon receipt by American Liberty University. Appropriate refunds will be sent by check within forty-five (45) days after American Liberty University receives the Notice of Cancellation form or written withdrawal/refund request. Refunds due directly to students will be mailed to the address written on the Notice of Cancellation or withdrawal request.

NOTE: The number of days represented above pertains to the number of days following the student's signing of a Course Enrollment Request Form.

(a) American Liberty University shall make refunds that are no less than the refunds required under the Act and this Division.

(b) American Liberty University may not enforce any refund policy that is not specified in the catalog as required pursuant to section 94909(a)(8)(B) of the Code, and must refund all institutional charges upon a student's withdrawal. (2) Except as provided for in subdivision (a)(3) of this section, all amounts paid by the student in excess of what is owed as calculated in subdivision (a)(1) shall be refunded.

(3) Except as provided herein, all amounts that the student has paid shall be subject to refund unless the enrollment agreement and the refund policy outlined in the catalog specify amounts paid for an application fee or deposit not more than $250.00, books, supplies, or equipment, and specify whether and under what circumstances those amounts are non-refundable. Except when American Liberty University provides a 100% refund pursuant to section 94919(d) or section 94920(b) of the Code, any assessment paid pursuant to section 94923 of the Code is non-refundable.

(4) For purposes of determining a refund under the Act and this section, a student shall be considered to have withdrawn from an educational program when he or she withdraws or is deemed withdrawn in accordance with the withdrawal policy stated in its catalog.

(d) If American Liberty University has collected money from a student for transmittal on the student's behalf to a third party for a bond, library usage, or fees for a license, application, or examination and American Liberty University has not paid the money to the third party at the time of the student's withdrawal or cancellation, American Liberty University shall refund the money to the student within 45 days of the student's withdrawal or cancellation.

(e) American Liberty University shall refund any credit balance on the student's account within 45 days after the date of cancellation or withdrawal.
